

# Project 2025 Summary

Project 2025, spearheaded by The Heritage Foundation, is a comprehensive policy agenda designed

to guide the next U.S. presidential administration. The initiative aims to implement conservative principles across various facets of government and society.

## 1. Governmental Restructuring

### - Executive Branch Overhaul:

- Significant changes to federal agencies, aligning them with conservative values.
- Proposal to dismantle the Department of Homeland Security.

### - Regulatory Reforms:

- Reduction of environmental and climate regulations.
- Merging statistical agencies into a single entity.

## 2. Economic Policies

### - Taxation:

- Transition to a consumption-based tax system.
- Simplification of income taxes with flat rates.

### - Monetary Policy:

- Criticism of the Federal Reserve and proposal for its abolition.
- Consideration of a gold-backed dollar.

## 3. Social Policies

### - Education:

- Closing the Department of Education and shifting control to states.

- School choice initiatives and parental rights in education.
- Reproductive Rights:
  - Federal opposition to abortion rights and emergency contraception.
  - Renaming the Department of Health and Human Services.
- Diversity and Inclusion:
  - Removal of protections against discrimination based on sexual orientation and gender identity.

#### 4. Immigration Policies

- Enforcement:
  - Arrest, detention, and deportation of undocumented immigrants.
  - Stricter immigration controls and enhanced border security.

#### 5. Judicial Policies

- Capital Punishment:
  - Promotion of the death penalty with a focus on swift execution.

#### Key Takeaways:

- A comprehensive conservative agenda.
- Significant governmental restructuring and decentralization.
- Economic overhaul favoring consumption-based taxation.
- Social policy shifts aligning with conservative values.
- Strict immigration enforcement policies.
